

DRUG AND ALCOHOL DEPENDENCE

SUBJECT INDEX

Volume 31 (1993)

- Acquired immunodeficiency syndrome, injecting drug users, methadone, drug abuse treatment, 247
- Admissions, drugs, Nigeria, 101
- Adolescents, drug abuse, psychiatric symptoms, 77
- Adolescents, drug use, personality, health, Scotland, 91
- Adrenocorticotrophic hormone, alcohol, prolactin, luteinizing hormone, testosterone, cortisol, 57
- Aerosol, citric acid, smoking cessation, 131
- AIDS, HIV, benzodiazepines, injecting drug users, behaviour, 31
- Alcohol abuse, suicide rates, homicide rates, 215
- Alcohol consumption, suicide, homicide, Australia, 15
- Alcohol dependence, coherence setting, 51
- Alcohol policy, warning labels, 1
- Alcohol, attitude, religion, denomination, 45
- Alcohol, cocaine, hepatotoxicity, free radicals, lipid peroxidation, 253
- Alcohol, foetal alcohol syndrome, gamma linolenic acid, fatty acids, 85
- Alcohol, prolactin, luteinizing hormone, testosterone, adrenocorticotrophic hormone, cortisol, 57
- Alcohol, tobacco, immunosuppressive, interferons, natural killer, 139
- Alcoholism, dopamine D2 receptor gene, restriction fragment length polymorphism, polymerase chain reaction, drug abuse, 229
- Amantadine hydrochloride, cocaine dependence, double blind, urine toxicology, self-report measures, 19
- D-amphetamine, mazindol, cocaine, drug abuse, drug self-administration, drug discrimination, 183
- Attitude, alcohol, religion, denomination, 45
- Australia, drug abuse, criminality, 123
- Australia, suicide, homicide, alcohol consumption, 15
- Basal forebrain neurons, ethanol, nerve growth factor, hippocampus, hypothalamus, choline-acetyltransferase, 159
- Behavior, ethanol, toluene, long-sleep mice, short-sleep mice, selected lines, 65
- Behaviour, HIV, benzodiazepines, injecting drug users, AIDS, 31
- Benzodiazepines, HIV, injecting drug users, behaviour, AIDS, 31
- Buprenorphine, cocaine, social behavior, monkeys, 235
- Choline-acetyltransferase, ethanol, nerve growth factor, hippocampus, hypothalamus, basal forebrain neurons, 159
- Citric acid, aerosol, smoking cessation, 131
- Cocaine dependence, amantadine hydrochloride, double blind, urine toxicology, self-report measures, 19
- Cocaine, alcohol, hepatotoxicity, free radicals, lipid peroxidation, 253
- Cocaine, buprenorphine, social behavior, monkeys, 235
- Cocaine, epidemiology, obsessive-compulsive disorder, risk, substance abuse, 281
- Cocaine, mazindol, D-amphetamine, drug abuse, drug self-administration, drug discrimination, 183
- Cocaine, rhesus monkey, reinforcement, self-administration, schedule-controlled behavior, mazindol, sertraline, fluoxetine, 149
- Coherence setting, alcohol dependence, 51
- Contingency contracts, methadone maintenance, illicit drug use, urine screening, 205
- Cortisol, alcohol, prolactin, luteinizing hormone, testosterone, adrenocorticotrophic hormone, 57
- Criminality, drug abuse, Australia, 123
- Criminality, drug abuse, predictors, Greece, 111
- Denomination, attitude, alcohol, religion, 45
- Dopamine D2 receptor gene, restriction fragment length polymorphism, polymerase chain reaction, alcoholism, drug abuse, 229
- Double blind, amantadine hydrochloride, cocaine dependence, urine toxicology, self-report measures, 19
- Drug abuse treatment, acquired immunodeficiency syndrome, injecting drug users, methadone, 247
- Drug abuse, adolescents, psychiatric symptoms, 77
- Drug abuse, criminality, Australia, 123
- Drug abuse, criminality, predictors, Greece, 111
- Drug abuse, dopamine D2 receptor gene, restriction fragment length polymorphism, polymerase chain reaction, alcoholism, 229
- Drug abuse, mazindol, cocaine, D-amphetamine, drug self-administration, drug discrimination, 183
- Drug abuse, outpatient treatment, help-seeking behaviour, motivation, 37
- Drug discrimination, mazindol, cocaine, D-amphetamine, drug abuse, drug self-administration, 183

- Drug self-administration, mazindol, cocaine, D-amphetamine, drug abuse, drug discrimination, 183
- Drug use, adolescents, personality, health, Scotland, 91
- Drugs, admissions, Nigeria, 101
- Electroacupuncture, morphine dependence, withdrawal syndrome, rat, 169
- Epidemiology, cocaine, obsessive-compulsive disorder, risk, substance abuse, 281
- Ethanol, nerve growth factor, hippocampus, hypothalamus, basal forebrain neurons, choline-acetyltransferase, 159
- Ethanol, toluene, long-sleep mice, short-sleep mice, behavior, selected lines, 65
- Fatty acids, alcohol, foetal alcohol syndrome, gamma linolenic acid, 85
- Fluoxetine, cocaine, rhesus monkey, reinforcement, self-administration, schedule-controlled behavior, mazindol, sertraline, 149
- Foetal alcohol syndrome, alcohol, gamma linolenic acid, fatty acids, 85
- Free radicals, cocaine, alcohol, hepatotoxicity, lipid peroxidation, 253
- Future time perspective, intravenous drug use, 193
- Gamma linolenic acid, alcohol, foetal alcohol syndrome, fatty acids, 85
- Gender differences, nitrous oxide, subjective effects, reinforcing effects, individual differences, inhalants, human, 265
- Greece, drug abuse, criminality, predictors, 111
- Health, drug use, adolescents, personality, Scotland, 91
- Help - seeking behaviour, drug abuse, outpatient treatment, motivation, 37
- Hepatotoxicity, cocaine, alcohol, free radicals, lipid peroxidation, 253
- Hippocampus, ethanol, nerve growth factor, hypothalamus, basal forebrain neurons, choline-acetyltransferase, 159
- HIV, benzodiazepines, injecting drug users, behaviour, AIDS, 31
- Homicide rates, suicide rates, alcohol abuse, 215
- Homicide, suicide, alcohol consumption, Australia, 15
- Human, nitrous oxide, subjective effects, reinforcing effects, gender differences, individual differences, inhalants, 265
- Hypothalamus, ethanol, nerve growth factor, hippocampus, basal forebrain neurons, choline-acetyltransferase, 159
- Illicit drug use, contingency contracts, methadone maintenance, urine screening, 205
- Immunosuppressive, alcohol, tobacco, interferons, natural killer, 139
- Incarceration, pregnancy, substance use, 199
- Individual differences, nitrous oxide, subjective effects, reinforcing effects, gender differences, inhalants, human, 265
- Inhalants, nitrous oxide, subjective effects, reinforcing effects, gender differences, individual differences, human, 265
- Injecting drug users, acquired immunodeficiency syndrome, methadone, drug abuse treatment, 247
- Injecting drug users, HIV, benzodiazepines, behaviour, AIDS, 31
- Interferons, alcohol, tobacco, immunosuppressive, natural killer, 139
- Intravenous drug use, future time perspective, 193
- Luteinizing hormone, alcohol, prolactin, testosterone, adrenocorticotrophic hormone, cortisol, 57
- Light, methadone, miosis, opioid, pupil diameter, 177
- Lipid peroxidation, cocaine, alcohol, hepatotoxicity, free radicals, 253
- Long-sleep mice, ethanol, toluene, short-sleep mice, behavior, selected lines, 65
- Mazindol, cocaine, D-amphetamine, drug abuse, drug self-administration, drug discrimination, 183
- Mazindol, cocaine, rhesus monkey, reinforcement, self-administration, schedule-controlled behavior, sertraline, fluoxetine, 149
- Methadone maintenance, contingency contracts, illicit drug use, urine screening, 205
- Methadone, acquired immunodeficiency syndrome, injecting drug users, drug abuse treatment, 247
- Methadone, miosis, light, opioid, pupil diameter, 177
- Miosis, methadone, light, opioid, pupil diameter, 177
- Monkeys, buprenorphine, cocaine, social behavior, 235
- Morphine dependence, withdrawal syndrome, electroacupuncture, rat, 169
- Motivation, drug abuse, outpatient treatment, help - seeking behaviour, 37
- Natural killer, alcohol, tobacco, immunosuppressive, interferons, 139
- Nerve growth factor, ethanol, hippocampus, hypothalamus, basal forebrain neurons, choline-acetyltransferase, 159
- Nigeria, admissions, drugs, 101
- Nitrous oxide, subjective effects, reinforcing effects, gender differences, individual differences, inhalants, human, 265
- Obsessive-compulsive disorder, cocaine, epidemiology, risk, substance abuse, 281
- Opioid, methadone, miosis, light, pupil diameter, 177
- Outpatient treatment, drug abuse, help - seeking behaviour, motivation, 37
- Personality, drug use, adolescents, health, Scotland, 91
- Polymerase chain reaction, dopamine D2 receptor gene, restriction fragment length polymorphism, alcoholism, drug abuse, 229
- Predictors, drug abuse, criminality, Greece, 111
- Pregnancy, substance use, incarceration, 199

- Prolactin, alcohol, luteinizing hormone, testosterone, adrenocorticotrophic hormone, cortisol, 57
- Psychiatric symptoms, adolescents, drug abuse, 77
- Pupil diameter, methadone, miosis, light, opioid, 177
- Rat, morphine dependence, withdrawal syndrome, electroacupuncture, 169
- Reinforcement, cocaine, rhesus monkey, self-administration, schedule-controlled behavior, mazindol, sertraline, fluoxetine, 149
- Reinforcing effects, nitrous oxide, subjective effects, gender differences, individual differences, inhalants, human, 265
- Religion, attitude, alcohol, denomination, 45
- Restricton fragment length polymorphism, dopamine D2 receptor gene, polymerase chain reaction, alcoholism, drug abuse, 229
- Rhesus monkey, cocaine, reinforcement, self-administration, schedule-controlled behavior, mazindol, sertraline, fluoxetine, 149
- Risk, cocaine, epidemiology, obsessive-compulsive disorder, substance abuse, 281
- Schedule-controlled behavior, cocaine, rhesus monkey, reinforcement, self-administration, mazindol, sertraline, fluoxetine, 149
- Scotland, drug use, adolescents, personality, health, 91
- Selected lines, ethanol, toluene, long-sleep mice, short-sleep mice, behavior, 65
- Self-administration, cocaine, rhesus monkey, reinforcement, schedule-controlled behavior, mazindol, sertraline, fluoxetine, 149
- Self-report measures, amantadine hydrochloride, cocaine dependence, double blind, urine toxicology, 19
- Sertraline, cocaine, rhesus monkey, reinforcement, self-administration, schedule-controlled behavior, mazindol, fluoxetine, 149
- Short-sleep mice, ethanol, toluene, long-sleep mice, behavior, selected lines, 65
- Smoking cessation, citric acid, aerosol, 131
- Social behavior, buprenorphine, cocaine, monkeys, 235
- Subjective effects, nitrous oxide, reinforcing effects, gender differences, individual differences, inhalants, human, 265
- Substance abuse, cocaine, epidemiology, obsessive-compulsive disorder, risk, 281
- Substance use, pregnancy, incarceration, 199
- Suicide rates, homicide rates, alcohol abuse, 215
- Suicide, homicide, alcohol consumption, Australia, 15
- Testosterone, alcohol, prolactin, luteinizing hormone, adrenocorticotrophic hormone, cortisol, 57
- Tobacco, alcohol, immunosuppressive, interferons, natural killer, 139
- Toluene, ethanol, long-sleep mice, short-sleep mice, behavior, selected lines, 65
- Urine screening, contingency contracts, methadone maintenance, illicit drug use, 205
- Urine toxicology, amantadine hydrochloride, cocaine dependence, double blind, self-report measures, 19
- Warning labels, alcohol policy, 1
- Withdrawal syndrome, morphine dependence, electroacupuncture, rat, 169
